

HIMANSHU DATTA

Senior Product Manager • Platform & AI Products • Emerging Tech • 0→1 Builder

New York, NY | 347-422-3123 | h.datta18@gmail.com | [linkedin.com/in/himanshu-datta](https://www.linkedin.com/in/himanshu-datta) | himanshudatta.com

PROFESSIONAL SUMMARY

Product Manager with 6+ years of experience building and scaling enterprise and consumer digital products from 0→1. Deep expertise in platform architecture, spatial computing (Apple Vision Pro, Meta Oculus), AI-powered tooling, and SaaS product strategy. Proven track record of leading cross-functional teams to ship measurable outcomes — 150+ enterprise brand experiences, 30% lift in engagement, and 20% improvement in delivery predictability. Comfortable operating in ambiguity, driving alignment across engineering, design, data, and business stakeholders, and shipping fast without sacrificing quality.

PROFESSIONAL EXPERIENCE

Product Manager | **Opelsoft** | New York, NY

Jan 2025 – Present

- ▶ Owned product strategy and roadmaps for internal and customer-facing platforms spanning workflow automation, operational tooling, and data visibility — driving efficiency and data-driven decision-making at scale.
- ▶ Translated ambiguous operational challenges into clear PRDs, prioritized backlogs, and phased delivery plans in close partnership with engineering and business stakeholders, balancing speed, scalability, and technical constraints.
- ▶ Led end-to-end discovery and delivery cycles, reducing time-to-insight for operational teams by defining KPIs, instrumentation requirements, and success metrics for each product initiative.

Lead Project Manager | **Mattel (Fisher-Price)** | New York, NY

Jul 2024 – Dec 2024

- ▶ **Built the operational backbone** for a creative business unit supporting 100+ concurrent global initiatives — establishing intake, prioritization, and delivery systems across design, legal, finance, merchandising, and marketing.
- ▶ **Served as single-threaded owner** for the multi-phase John Legend × Fisher-Price global launch: a three-fold rollout across product, digital, and brand channels coordinated with cross-functional and external partners.
- ▶ **Improved on-time delivery by ~20%** by implementing delivery governance frameworks, reducing late-stage escalations and improving timeline predictability without sacrificing brand quality standards.
- ▶ Managed high-value operating budgets — led quarterly forecasting, spend optimization, and ROI analysis to ensure on-time, on-budget delivery of priority initiatives.

Product Manager | **Obsess** | New York, NY

Aug 2019 – Apr 2024

Platform & 0→1 Product Strategy

- ▶ **Led 0→1 strategy and execution** for a multi-tenant immersive commerce SaaS — defined platform architecture, roadmap, and operating model supporting 150+ enterprise experiences while reducing per-brand delivery effort through reusable components.
- ▶ Served as Product Owner for COCO, an internal CMS enabling non-technical teams to create, publish, and govern immersive content at scale — reducing engineering dependency and accelerating enterprise content updates across all clients.

Spatial Computing (Apple Vision Pro & Meta Oculus)

- ▶ **Defined product strategy and delivery** for spatial commerce experiences on Apple Vision Pro and Meta Oculus — scoped spatial UX, content pipelines, and platform capabilities on net-new hardware for brands including Prada, Alo, J.Crew, Mytheresa, and Rimowa.
- ▶ Established reusable experimentation frameworks enabling enterprise-grade stability and faster iteration cycles on emerging spatial platforms.

Luxury Brand Experiences (Dior, Chanel, Prada, Ralph Lauren & Others)

- ▶ **Drove 30% increase in user engagement and 20% increase in dwell time** through 3D gamification mechanics — interactive product discovery, exploration-driven flows, and engagement loops — across 150+ luxury brand activations.
- ▶ Owned end-to-end product delivery for immersive commerce experiences for global luxury brands including Dior, Chanel, Prada, Ralph Lauren, Laura Mercier, K18, Crocs, Corona, NBCUniversal, and American Girl — translating brand requirements into scalable platform features.

Project Lead | **NYC DOT & DDC** | New York, NY

Jan 2021 – May 2021

- ▶ **Led 0→1 development of an AI-driven traffic analytics platform** for NYC DOT/DDC — replaced manual, high-cost traffic studies with scalable computer-vision–based insights using YOLO-based object detection, classification, and tracking.
- ▶ Defined system architecture and end-to-end workflows to transform raw video feeds into actionable safety, efficiency, and environmental metrics for multimodal transportation planning.
- ▶ Partnered with engineering, data science, and city stakeholders to deliver a deployable prototype that improved accuracy, speed, and consistency of traffic analysis across complex urban environments.

Project Lead — Back2Classroom | [Aegean AI Inc.](#) | New York, NY

May 2020 – Dec 2020

- ▶ **Led 0→1 strategy and launch of Back2Classroom** — a campus management platform enabling safe return-to-campus through automated seat allocation, QR-based attendance, and policy-driven access controls.
- ▶ Drove institutional adoption at NJIT; informed roadmap expansion into AI-driven risk analysis and test optimization, enabling data-backed decision-making at institutional scale.

CORE SKILLS

Product: 0→1 Product Development, Platform PM, Product Strategy & Vision, Roadmapping, PRD Writing, Feature Prioritization, Go-to-Market, A/B Testing, Data-Driven Decision Making

AI & Tech: AI Product Ideation & Delivery, Computer Vision, Spatial Computing (Apple Vision Pro, Meta Oculus), AR/VR/XR, SaaS Architecture, API Integration, YOLO / CV Pipelines

Leadership: Cross-Functional Leadership, Stakeholder Management, Agile/Scrum, Executive Communication, Budget & Resource Management, Delivery Governance

Tools: Jira, Confluence, Figma, Amplitude, SQL, Adobe Workfront, Notion, Asana, Monday.com, GitLab, Postman, HubSpot, Shopify

EDUCATION

MBA — New England College

2024 – 2026 (In Progress)

MS, Management of Technology — New York University | GPA: 3.8 / 4.0

2019 – 2021

B.Tech, Computer Science & Engineering — Dr. A.P.J Abdul Kalam Technical University | GPA: 3.5 / 4.0 *2013 – 2017*
